**Subject:** NPDES Permit #NV0024228 – 2018 Annual Report and DMRs for 4th Quarter 2018 - Weir Construction Dewatering Treatment, NERT, Henderson, NV  
**Attachments:** 2018 4Q - NPDES Report NV0024228.pdf

All,  
The Nevada Environmental Response Trust (NERT or the Trust) maintains NPDES Permit #NV0024228 for discharge of perchlorate-treated water near the Las Vegas Wash that is extracted during dewatering activities associated with construction of two weirs (the Sunrise Mountain Weir and the Historic Lateral Weir Expansion) by the Southern Nevada Water Authority (SNWA) in the Henderson, Nevada area. The weir dewatering treatment plant began operating on January 2, 2018. The treatment plant stopped receiving water from weir construction activities on August 14, 2018. Decommissioning of the pump stations and treatment plant is in progress; the final discharge from the plant and final samples collected under this NPDES permit occurred on December 28, 2018. The attached 2018 Annual Report and DMRs for 4<sup>th</sup> Quarter 2018 will be submitted in hard copy to the Compliance Coordinator at NDEP-BWPC via FedEx tomorrow, January 29, 2019. The DMRs for 4<sup>th</sup> Quarter 2018 have been submitted electronically via NDEP's on-line NetDMR system.

Please let me know if you have any questions.

Thanks,  
Kimberly
